§ 319.76-7 Costs and charges.

The services of the inspector during regularly assigned hours of duty and at the usual places of duty shall be furnished without cost to the importer.³ The importer shall be responsible for arrangements for treatments required under § 319.76-4. Any treatment required under § 319.76-4 for a restricted article, other than for treatments of live bees in any life stage or for holding dead bees in dry, sealed containers, shall be performed at the port of entry by a nonfederal establishment at the importer's expense, and shall be performed under the direction of an inspector. Plant Protection and Quarantine will not be responsible for any costs or charges, other than those indicated in this section.

§ 319.76-8 Ports of entry.

(a) Any restricted article, other than bees in any life stage, imported by means other than mail may be imported only at a port of entry listed in § 319.37-14(b) of this part.

(b) Any restricted article, other than bees in any life stage, imported by mail may be imported only at a port of entry designated by an asterisk in § 319.37-14(b) of this part.

(c) Live bees in any life stage, other than honeybees of the genus *Apis*, may be imported at the Bee Biology and Systematics Laboratory, USDA, ARS, 261 NRB-UMC 53, Utah State University, Logan, Utah 84322; or at the Plant Germplasm Quarantine Center, Building 320, Beltsville Agricultural Research Center East, Beltsville, MD 20705.

³Provisions relating to costs for other services of an inspector are contained in 7 CFR part 354.

§ 322.1 Importation of honeybees and honeybee semen.

(a) No persons may import honeybees or honeybee semen, except as otherwise provided in this part.

(b) Honeybees or honeybee semen from Canada may be imported into the United States without any further restrictions under this part.

(c) Honeybee semen from any country listed below is designated as a restricted article and may be imported only in accordance with the provisions in this part.

Australia
Bermuda
France
Great Britain
Sweden

(d) Honeybees from any country or locality other than Canada, may be imported without complying with other provisions of this part if:

(1) Imported by the U.S. Department of Agriculture for experimental or scientific purposes;

(2) Imported at the Plant Germplasm Quarantine Center, Building 320, Beltsville Agricultural Research Center East, Beltsville MD 20705, or at a port of entry designated by an asterisk in § 319.37-14(b);

(3) Imported pursuant to a departmental permit issued for such honeybees and kept on file at the port of entry;

(4) Imported under conditions specified on the departmental permit and

found by the Deputy Administrator to be adequate to prevent the introduction into the United States of diseases or parasites harmful to honeybees, or genetically undesirable germ plasm of honeybees, i.e., conditions of treatment, processing, shipment, disposal; and

(5) Imported with a departmental tag or label securely attached to the outside of the container, and with such tag or label bearing the name of the person to whom the permit is issued.

(e) Honeybees and honeybee semen from New Zealand may transit the United States en route to another country under the following conditions:

(1) The honeybees or honeybee semen must be accompanied by a certificate issued by the New Zealand Department of Agriculture certifying that the honeybees or honeybee semen were derived in or shipped from an apiary in New Zealand;

(2) The honeybees or honeybee semen must be shipped nonstop to the United States for transit to another country;

(3) The honeybees must be contained in cages that are completely enclosed by screens with mesh fine enough to prevent the honeybees from passing through. Each pallet of cages must then be covered by an escape-proof net that is secured tightly to the pallet so that no honeybees can escape from underneath the net;

(4) The honeybees must be shipped by air through a port staffed by an inspector.¹ The honeybees may be transloaded from one aircraft to another at the port of arrival in the United States, provided the transloading is done under the supervision of an inspector and the area used for any storage of the honeybees between flights is within a completely enclosed building.

(5) At least 2 days prior to the expected date of arrival of honeybees at a port in the United States, the shipper must notify the APHIS Officer in Charge at the port of arrival of the fol-

lowing: the date of arrival and departure; the name and address of both the shipper and receiver; the quantity of queens and the number of cages of package honeybees in the shipment; and, the name of the airline carrying the shipment.

(f) Any honeybees or honeybee semen offered for import or intercepted entering the United States and not in compliance with this part shall be immediately exported from the United States by the importer or shall be destroyed by an inspector. Pending exportation or destruction, the honeybees or honeybee semen shall be subject to the immediate application of such safeguards against escape of diseases or parasites harmful to honeybees, or undesirable species or subspecies of honeybees, as the inspector determines necessary to prevent the introduction into the United States of diseases or parasites harmful to honeybees, or undesirable species or subspecies of honeybees.
